## PROFILE

I am an aspiring web developer having passion for making websites more senses and strong interest in web standards and emerging technologies with Angular, ReactJS, GraphQL, Serverless in AWS Cloud.

## FRONT-END DEVELOPMENT

- W3C Standards with HTML5 and CSS3
- Javascript with ES2020 and Typescript
- SASS, CSS-In-JS (Styled-components)
- UI frameworks such as MUI or Bootstrap
- AngularJS, VueJS and ReactJS
- Basic Micro-frontends
- REST and GraphQL
- Webpack and Vite (Rollup) based on ESBuild with Jasmine, Jest, Enzyme, React Testing Lib
- Continuous Deployment with Jenkins and AWS CICD

## BACK-END DEVELOPMENT

- NodeJS and ExpressJS
- AWS usage with EC2, S3, CloudFront, Cognito, Lambda, DynamoDB
- Basic Serverless and Microservices
- Familiar with Java, C# and Python
- MongoDB and Postgres Databases
- Docker and K8S

## MOBILE DEVELOPMENT

- Hybrid Mobile App Framework
- React Native

## EXPERIENCE

### ResultElf Oy

**WEB DEVELOPER, 09/2021 - NOW**

Role as developer working with a small team of four members to create and manage Cresso platform for credit optimization. Use Typescript, NodeJS, ReactJS and AWS services, among other tools and libraries, to design the platform, run unit-testing and continuous integration (CI) and continuous delivery (CD).

### Quanturi Oy

**WEB DEVELOPER, 01/2020 - 07/2021**

Working as part of a small team of international developers, my role consists of designing, implementing, maintaining and testing web applications both frontend (ReactJS) and backend (NodeJS) in AWS services.

### Verto Analytics Oy

**SOFTWARE ENGINEER (FRONT-END), 07/2014 - 10/2019**

Role in developing all Verto's web applications by using AngularJS, ReactJS, Redux, illustrating data with HighchartJS and doing continuous deployment with Jenkins, GitLab and AWS services.

## ACADEMIC HISTORY

### Aalto University (2017 - No award)

**MASTER'S DEGREE OF ENGINEERING, INFORMATION NETWORKS**

Full-time degree program in engineering building on information technology and digital media. It also combines the fields of social sciences, advanced digital technologies and business.
